Topic Covered:

Intellectual property, need and ways to safe guard it, Career Paths to inspired students.

Objectives:

1. To raise students' awareness on IP and IPR
2. To inspire students for research-oriented work and inventions skills.
3. To raise awareness regarding safe guarding their intellectual property.

Report:

Principal Dr. Manjusha Kulkarni facilitated this lecture by Dr. K. T. Dhumal an alumnus of this college for the Intellectual Property Rights. They chose the commerce lab as the venue. The event started with the great introduction of Dr. Dhumal mam their work experience and achievements.

In her talk she discussed about Intellectual property, needs and introduction and necessity of IPR, copyright, the similarities and distinctions between patents, Trademarks, and IPR, among other important topics, are covered in her talk.

IP is protected in law by, for example, patents, copyright and trademarks, which enable people to earn recognition or financial benefit from what they invent or create.

A patent is a right granted for an invention. It provides the owner with the right to decide how - or whether - the invention can be used by others. Which is properly publish and register.

An industrial design constitutes the ornamental or aesthetic aspect of an article. A design may consist of three-dimensional features, such as the shape or surface of an article, or of two-dimensional features, such as patterns, lines or color.

Geographical indications and appellations of origin are signs used on goods that have a specific geographical origin and possess qualities, a reputation or characteristics that are essentially attributable to that place of origin. Most commonly, a geographical indication includes the name of the place of origin of the goods

Such sessions help the students and gain a knowledge, we were all grateful to the Principal, Dr. Manjusha Kulkarni, and all the teaching staff members who were an equal part in organizing and making this event a success.

Outcome: Guest lecture helped students to

1. Discover research opportunities: Engage in cutting-edge projects, fostering innovation.
2. Develop essential skills: Enhance critical thinking, problem-solving, and laboratory techniques.

Topic Covered:

Intellectual property, need and ways to safe guard it.

Objectives:

4. To raise students' awareness on IP and IPR
5. To inspire students to investigate many creative concepts or innovative ideas they may have within them, for the benefit of humanity.
6. To raise awareness regarding safe guarding their intellectual property.

Report:

Principal Dr. Manjusha Kulkarni facilitated this lecture by Dr.A.A.Thakur an alumnus of this college for the Intellectual Property Rights. They chose the seminar hall as the venue. The event started with the great introduction of Dr.Thakur sir and their past achievements.

In his talk he discussed about Intellectual property, need and ways to safe guard it. He provided numerous everyday instances of trademarks copy right and patents. He urged the students to uncover and protect their creative ideas, through means of Patents, Trademarks or copyright. Intellectual property (IP) refers to creations of the mind, such as inventions; literary and artistic works; designs; and symbols, names and images used in commerce.

IP is protected in law by, for example, patents, copyright and trademarks, which enable people to earn recognition or financial benefit from what they invent or create. By striking the right balance between the interests of innovators and the wider public interest, the IP system aims to foster an environment in which creativity and innovation can flourish.

A patent is an exclusive right granted for an invention. Generally speaking, a patent provides the patent owner with the right to decide how - or whether - the invention can be used by others. In exchange for this right, the patent owner makes technical information about the invention publicly available in the published patent document.

Copyright is a legal term used to describe the rights that creators have over their literary and artistic works. Works covered by copyright range from books, music, paintings, sculpture and films, to computer programs, databases, advertisements, maps and technical drawings.

Such sessions help calm down the students and introduce them to a whole lot of opportunities and we were all grateful to the Principal, Dr. Manjusha Kulkarni, and all the teaching staff members who were an equal part in organizing and making this event a success.

Outcome: Guest lecture helped students to

1. Students became aware about Intellectual Property and Intellectual Property Rights (IPR)
2. They were inspired, by numerous examples cited during the talk, to think out of box.
3. They learned the importance of protecting their Intellectual Property.

Report:

One day Workshop on “INTELLECTUAL PROPERTY RIGHTS: THE WAY AHEAD TO PROTECT IDEAS” was organised by IQAC of RNC Arts JDB Commerce and NSC Science college which was guided by Mrs. Priya Sonawani.

The opening ceremony of the workshop began with auspicious lamp lighting ceremony seeking the blessings of Goddess Saraswati followed by Saraswati vandana and felicitation of the guest speakers.

Principal Dr. Manjusha Kulkarni facilitated this lecture by Asst. Prof. Mrs. Priya Sonawani Head Department of Biotechnology, HPT Arts & RYK Science College, Nashik.

They choose the Commerce lab as the venue.

The event started with the great introduction of Asst. Prof. Mrs. Priya Sonawani , her past, and her achievements.

Welcome of Asst. Prof. Mrs. Priya Sonawani

First Session – Workshop

Mrs. Priya Sonawani gave a fantastic talk that inspired students to conduct creative research.

The introduction and necessity of IPR, copyright, the similarities and distinctions between patents, Trademarks, and IPR, among other important topics, are covered in her talk.

The core objective of the Workshop i.e to make the target group capable of handling IP data as IPR promotes entrepreneurship, stimulate innovation and creativity was nicely explained by them.

The talk was both motivating and exciting, and incredibly educational.

The audience's enthusiastic engagement also contributed to the event's success.

Second Session

The demonstration given by same guest Mrs. Priya Sonawani on concept of IPR and Patent application filing through the participatory session was the acme of the workshop. The hands on training provided basic Patent training comprising in depth the entire Patent system, from its reason for existence to how to create strong Patents as valuable assets of the institution. The session was well structured, conducted eloquently and strengthened the knowledge of the participants on e – filing of patents in India.

Attendance of students

The lecture was successfully conducted under the guidance of Prof. Dr. M.M. Kulkarni, I/C Principal, Bytco College, Nashik Road.

3. Participants understood the process of transforming an idea into a protected IP right.
4. Participants became aware of the legal aspects of IP rights and the consequences of infringement.
5. Participants learned how to strategically use IP rights for business growth and competitiveness.

Short Report:

On Thursday, 13th January 2022, a one-day workshop was organized by the Department of Chemistry in association with the Internal Quality Assurance Cell (IQAC) on the topic of Intellectual Property Rights, entitled "From Idea to Protection: A Guide to Intellectual Property Rights". The resource person for the workshop was Dr. Raosaheb Ghegade, an Associate Professor and legal expert in IP Rights.

The workshop was presided over by Professor Dr. Manjusha Kulkarni, Principal of the college. The event commenced with the traditional lighting of the lamp. Vice Principal Dr. Akash Thakur and Dr. K.C. Takale, the Coordinator of the Science faculty, graced the occasion with their presence.

Dr. Satish Chavan, Co-ordinator of the workshop introduced the resource person and the workshop to the attendees. The workshop was anchored by Dr. M.V. Rathi. The event witnessed participation from Dr. Sudesh Ghoderao, Asst. Prof. Waseem Beg, Dr. Kishori Dhumal, Asso. Prof. Balbhim Diwate, Dr. Kailas Borase, Dr. Ashwini Ghanbahadur, Asst. Prof. Vishal Mane, Dr. Deepak Tope, Asst. Prof. Pranali Pandit, Dr. Rajashree Naik, and many of the teachers of the science faculty and a large number of students made it a successful and enlightening session. The workshop provided valuable insights into the realm of Intellectual Property Rights, guiding the participants from the inception of an idea to its protection. It was a significant step towards fostering an environment that encourages innovation and respects intellectual property rights.

Features of ChemDraw and Greener Aspects of Drug Discovery

Thursday 23 July 2020, at 11.00 am

Inauguration session: Dr Sudesh Ghoderao, Convener of the webinar welcomed the dignitaries and briefed the concept of the webinar. Dr. Manjusha Kulkarni, Vice Principal and IQAC Coordinator welcomed and introduced Dr. Ram Kukarni, Zonal Secretary of GE Society and Dr. Dhanesh Kalal, Principal and President of the inaugural session. Dr Ram Kulkarni said that he feels very satisfied because it is the right time for the webinar to be organized on the background of COVID-19 pandemic. The guest of honor Dr. D V Prabhu, General Secretary of the Association of Chemistry Teachers (ACT) was introduced by Dr. Sudesh Ghoderao. In his speech, Dr D V Prabhu gave information in brief about the activities of ACT. The President of an inaugural session and Principal of the college, Dr Dhanesh Kalal said that environmental pollution should be taken care of. The vote of thanks was expressed by Dr. Meenakshi Rathi, the compere of the program.

Technical Session I: The speaker for this session was Prof. Arvind A. Natu, Visiting Faculty at the Indian Institute of Science Education and Research, Pune who guided the participant on the topic "**Greener Aspects of Drug Discovery**". He said that approximately 3 kg of chemical waste is generated per kilogram of the drug produced leading to an increase in pollution at all levels. There is a lack of opportunity for fundamental research in India. The young researchers must work in the field of discovery of new drugs to treat TB and Malaria diseases which is the need for countries like India.

Technical Session II: The speaker for this session was Prof. Brijesh Pare, President of the Association of Chemistry Teachers and Head, Department of Chemistry, Govt Madhav Science PG College, Ujjain guided the participant on the topic "**The significance of Chemical Revolution Initiated by Lavoisier**". He said that the students of Chemistry must know how the discoveries are made. He explained the history of the discovery of Oxygen in a very lucid language.

Technical Session III: The speaker for this session was Mr. Charitra Gour, Technical consultant at Scube Scientific Software Solutions Pvt Ltd, New Delhi who guided the participant on the topic- **“Features of ChemDraw”**. He explained the importance of ChemDraw software for research with a practical demonstration of the same. The queries raised by the participant were also answered by the resource person.

Vote of Thanks: At the end, Dr Sudesh Ghoderao, Convener of the webinar expressed a vote of thanks towards Principal Dr. S. B. Pandit, Chairman, Sir Dr. M. S. Gosavi, Secretary and Director General, Principal Dr. Mrs. Deepti Deshpande, Director (HR) and Principal Dr. Ram Kulkarni, Zonal Secretary, Nashik Zone, GES, the patrons of webinar, Dr. D. V. Prabhu, General Secretary, Association of Chemistry Teachers, the honorable speakers – Prof. Arvind A Natu, Prof Brijesh Pare and Mr. Charitra Gaur, Principal Dr. Dhanesh Kalal, Dr. M. M. Kulkarni, Vice Principal (Science Faculty) and IQAC Coordinator, Dr Sanjeevan Kharat, HOD Chemistry and organizing committee members. The entire webinar program was conducted by Dr. Meenakshi Rathi.

About RNC Arts, JDB Commerce and NSC Science College, Nashik Road

Since its inception in 1963 the history of our college is replete with many great landmarks and achievements both in the field of academics as well as sports and co-curricular activities. The college has grown into a gigantic structure, housing more than 6000 students with more than three hundred and fifty teaching and non-teaching staff. The college has a number of academic courses at UG and PG level, professional courses, and variety of certificate and diploma courses too. Our graduates are in great demand all over because our approach to education is one that develops the whole person and provides the student with a realistic view of what to expect in their career. The Management and the staff has always strived to anticipate the needs of the future and fulfill them through innovative value-embedded quality education under the dynamic leadership of Sir Dr M.S.Gosavi, Secretary and Director General of Gokhale Education Society.

About webinar objectives

This webinar is seeking to create awareness and address the features of ChemDraw software and to get familiarize with greener aspects of drug discovery. The research institutions, UG and PG students and other beneficiaries of this webinar will take up the ideas discussed here for their research and engage themselves in the process of transferring knowledge and technology.

SPEAKERS

Prof. A. A. Natu, Visiting Faculty, IISER, Pune

Prof. Brijesh Pare, President ACT, Head, Department of Chemistry
Govt. Madhav Science PG College, Ujjain.

Mr. Charitra Gour & Dr Sourab Sinha, Technical Consultants
SCUBE Scientific Software Solutions, New Delhi.

TOPIC

Greener Aspects of Drug Discovery

The Significance of Chemical Revolution Initiated by Lavoisier.

ChemDraw – Drawing Complex Diagrams and Structures,
Structure to Name, Name to Structure, Hot keys etc.

Dear Presenters,

I know believe you are aware that there was a technical glitch with the webinar today, our sincere apologies on this, as we had 2 major issues in this session today.

1. Video shared to be presented in the session caused corruption of the system.
2. Too many participants with different bandwidths also caused the entire system to crash.

We humbly request you to have this session at a later date, Dr. Sudesh we can get into a conference call to decide the time & date this week or next week based on the availability of all presenters.

Thanks & Regards,

Dear Sir/Madam,

Thank you for your registration and welcome to the National webinar on '**Features of ChemDraw and Green aspects of Drug Discovery**' organized by, Department of Chemistry and Internal Quality Assurance Cell (IQAC) of Gokhale Education Society's RNC Arts, JDB Commerce and NSC Science College, Nashik Road, Nashik in collaboration with, Association of Chemistry Teachers (ACT) and PerkinElmer Informatics through SCUBE Scientific Software Solutions, New Delhi. This webinar was actually scheduled on 15 July, but was not completed due to technical difficulties faced in between. The organizers regret the inconvenience caused to you. Thank you for being with us.

Now it is again **rescheduled on Thursday 23 July 2020 at 11 am to 2 pm.**
Please register for this National Webinar on 'Features of ChemDraw & Greener Aspects of Drug Discovery' on Jul 23, 2020 11:00 AM IST at:

<https://attendee.gotowebinar.com/register/293788815828373771>

After registering, you will receive a confirmation email including webinar id (9 digit) and other information about joining the webinar.

Brought to you by GoToWebinar®
