REPORT ON Guest Lecture on “Artificial intelligence (AI)”

Venue	Mathematics Department lab RNC Arts, JDB Commerce, NSC Science College
Duration:	11.00 am for 1 & 1/2 Hr
Name of Event Coordinator:	Dr.K.C.Takale
Guest for Program:	Mr. Manas Gajare
Day & Date of Visit:	14/03/ 2023
Class and specialization	FY,SY,TY BSc, Comp. BSc, BCA students
No. of students benefitted	100

Topic Covered:

Career Paths to inspired students what is role of AI in various field.

Objectives:

To get knowledge regarding its uses in IT sectors.

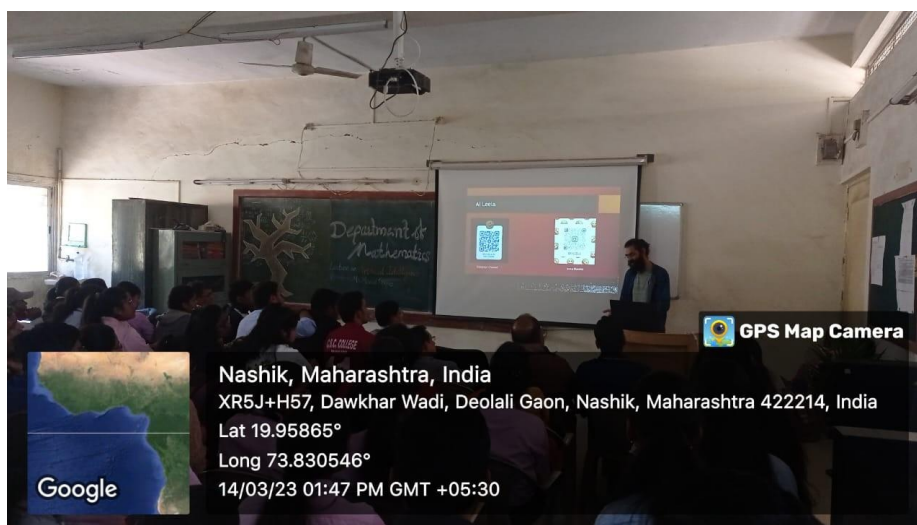

Report:

One day Guest lecturer on “**Artificial Intelligence (AI)**” was organised by IQAC of RNC Arts JDB Commerce and NSC Science college which was guided by Mr. Manas Gajre (Founder, AI Leela 2023) on the occasion of **PI-DAY**.

The opening ceremony of the workshop began with auspicious lamp lighting ceremony seeking the blessings of Goddess Saraswati followed by Saraswati vandana and felicitation of the guest speakers.

Principal Dr. Manjusha Kulkarni facilitated Mr. Manas Gajre

The event started with the great introduction of Guest who having deep knowledge of AI and Founder of AL LEELA.

- History of AI
- He gave basic knowledge of AI .
- Use of AI at various fields.
- Job opportunities in the field of IT related with AI
- Practical Session with application of AI.
- AI in future in world of technology.
- He gave the knowledge about the software and devices in AI.
- Different application of AI.

Attendance of students

The lecture was successfully conducted under the guidance of Prof. Dr. M.M. Kulkarni, I/C Principal, Bytco College, Nashik Road.

Outcome: Guest lecture helped students to

1. Explore diverse career paths AI especially for mathematical field.
2. Discover research opportunities: Engage in projects related mathematical field.
3. Develop essential skills for software development with AI and mathematics.

Topic Covered:

Career Paths and opportunities in field of mathematics.

Objectives:

To get knowledge of Career Paths in mathematics opportunities in industries etc.

Report:

Principal Dr. Manjusha Kulkarni facilitated this lecture by Asst. Prof. Chetan Shirore Department of mathematics of S.V.K.T.College Nashik. The event started with the great introduction of Chetan sir, his achievements as well his career journey in the field of mathematic.

Following points cover in session:

- Opportunities in mathematics related to job point of you.
- Opportunities in industry and government services.
- Interdisciplinary opportunities in mathematics .
- Details of various fields for job as well as business approaches.
- Such sessions helpful for career point of you in mathematics.
- we were all grateful to the Principal, Dr. Manjusha Kulkarni, and all the teaching staff members who were an equal part in organizing and making this event a success.

**Outcome: Guest lecture helped students to**

1. Develop essential skills: Enhance critical thinking, problem-solving in mathematics.
2. Explore diverse career paths in industries related to mathematics.
3. Discover opportunities related to jobs in mathematics.
4. Spread the awareness, scope and its application.

Intellectual property, need and ways to safe guard it, Career Paths to inspired students.

Objectives:

1. To raise students' awareness on IP and IPR
2. To inspire students for research oriented work and inventions skills.
3. To raise awareness regarding safe guarding their intellectual property.

Report:

Principal Dr. Manjusha Kulkarni facilitated this lecture by Dr. K. T. Dhumal an alumnus of this college for the Intellectual Property Rights. They chose the commerce lab as the venue. The event started with the great introduction of Dr. Dhumal mam their work experience and achievements.

In her talk she discussed about Intellectual property, needs and introduction and necessity of IPR, copyright, the similarities and distinctions between patents, Trademarks, and IPR, among other important topics, are covered in her talk.

IP is protected in law by, for example, patents, copyright and trademarks, which enable people to earn recognition or financial benefit from what they invent or create.

A patent is a right granted for an invention. It provides the owner with the right to decide how - or whether - the invention can be used by others. Which is properly publish and register.

An industrial design constitutes the ornamental or aesthetic aspect of an article. A design may consist of three-dimensional features, such as the shape or surface of an article, or of two-dimensional features, such as patterns, lines or color.

Geographical indications and appellations of origin are signs used on goods that have a specific geographical origin and possess qualities, a reputation or characteristics that are essentially attributable to that place of origin. Most commonly, a geographical indication includes the name of the place of origin of the goods

Such sessions help the students and gain a knowledge, we were all grateful to the Principal, Dr. Manjusha Kulkarni, and all the teaching staff members who were an equal part in organizing and making this event a success.

Outcome: Guest lecture helped students to

1. Discover research opportunities: Engage in cutting-edge projects, fostering innovation.

Day & Date of Visit:	18/10/2022
Class and specialization	S.Y.B.Sc , T.Y.B.Sc. Students
No. of students benefitted	80

Topic Covered:

Intellectual property, need and ways to safe guard it.

Objectives:

4. To raise students' awareness on IP and IPR
5. To inspire students to investigate many creative concepts or innovative ideas they may have within them, for the benefit of humanity.
6. To raise awareness regarding safe guarding their intellectual property.

Report:

Principal Dr. Manjusha Kulkarni facilitated this lecture by Dr.A.A.Thakur an alumnus of this college for the Intellectual Property Rights. They chose the seminar hall as the venue. The event started with the great introduction of Dr.Thakur sir and their past achievements.

In his talk he discussed about Intellectual property, need and ways to safe guard it. He provided numerous everyday instances of trademarks copy right and patents. He urged the students to uncover and protect their creative ideas, through means of Patents, Trademarks or copyright. Intellectual property (IP) refers to creations of the mind, such as inventions; literary and artistic works; designs; and symbols, names and images used in commerce.

IP is protected in law by, for example, patents, copyright and trademarks, which enable people to earn recognition or financial benefit from what they invent or create. By striking the right balance between the interests of innovators and the wider public interest, the IP system aims to foster an environment in which creativity and innovation can flourish.

A patent is an exclusive right granted for an invention. Generally speaking, a patent provides the patent owner with the right to decide how - or whether - the invention can be used by others. In exchange for this right, the patent owner makes technical information about the invention publicly available in the published patent document.

Copyright is a legal term used to describe the rights that creators have over their literary and artistic works. Works covered by copyright range from books, music, paintings, sculpture and films, to computer programs, databases, advertisements, maps and technical drawings.

Such sessions help calm down the students and introduce them to a whole lot of opportunities and we were all grateful to the Principal, Dr. Manjusha Kulkarni, and all the teaching staff members who were an equal part in organizing and making this event a success.

Outcome: Guest lecture helped students to

1. Students became aware about Intellectual Property and Intellectual Property Rights (IPR)
2. They were inspired, by numerous examples cited during the talk, to think out of box.
3. They learned the importance of protecting their Intellectual Property.

“Research in Mathematics”

Venue	Department of Mathematics RNC Arts, JDB Commerce, NSC Science College
Duration:	11.00 am-12.30 pm
Name of Event Coordinator:	Ass.Prof. K.Borase
Name Of Guest Lecturer:	Dr.A.P.Badhane
Day & Date of Visit:	22-12-2021
Class and specialization	F.Y, S.Y, T.Y.B.Sc.
No. of students benefitted	100

Topic Covered:

Research opportunities in mathematics.

Objectives:

To get knowledge of Career Paths in Research opportunities in Mathematics etc.

Report:

Principal Dr. Manjusha Kulkarni facilitated this lecture by Dr.A.P.Badhane from Mathematics Department of S.V.K.T college.They chose the seminar hall as the venue. The event started with the great introduction of Dr.A.P.Badhane, his past, and his achievements.

He cover following points in lecture:

- Need of the research
- Benefits from research,specific in mathematics for the society.
- Opportunity in research and methodology in mathematics.
- Live session of various researchers in mathematics.
- Question session and daunts of students in respected topic.
-

He introduced us to a lot of valuable lessons about approaching your studies and being part of things around us.

Among multiple valuable lessons we got from the whole session one of them was how research is not only about trending things or problems, sometimes you do things just for the sheer joy of learning and knowing more. The amount of excitement with which he talked, surely reflected the enthusiasm he contains in himself for science. From the whole session one of them was how research is not only about trending things or problems, sometimes you do things just for the sheer joy of learning and knowing more. The amount of excitement with which he talked, Such sessions help calm down the students and introduce them to a whole lot of opportunities related to research work and we were all grateful to the Principal, Dr. Manjusha Kulkarni, and all the teaching staff members who were an equal part in organizing and making this event a success.

Outcome: Guest lecture helped students to

1. Explore diverse career paths: Mathematics and related research fields and industry.
2. Discover research opportunities: Engage in cutting-edge projects, fostering innovation.
3. Access resources: Utilize mentorship, grants, and publications for research success.

Features of ChemDraw and Greener Aspects of Drug Discovery

Thursday 23 July 2020, at 11.00 am

Inauguration session: Dr Sudesh Ghoderao, Convener of the webinar welcomed the dignitaries and briefed the concept of the webinar. Dr. Manjusha Kulkani, Vice Principal and IQAC Coordinator welcomed and introduced Dr. Ram Kukarni, Zonal Secretary of GE Society and Dr. Dhanesh Kalal, Principal and President of the inaugural session. Dr Ram Kukarni said that he feels very satisfied because it is the right time for the webinar to be organized on the background of COVID-19 pandemic. The guest of honor Dr. D V Prabhu, General Secretary of the Association of Chemistry Teachers (ACT) was introduced by Dr. Sudesh Ghoderao. In his speech, Dr D V Prabhu gave information in brief about the activities of ACT. The President of an inaugural session and Principal of the college, Dr Dhanesh Kalal said that environmental pollution should be taken care of. The vote of thanks was expressed by Dr. Meenakshi Rathi, the compere of the program.

Technical Session I: The speaker for this session was Prof. Arvind A. Natu, Visiting Faculty at the Indian Institute of Science Education and Research, Pune who guided the participant on the topic “**Greener Aspects of Drug Discovery**”. He said that approximately 3 kg of chemical waste is generated per kilogram of the drug produced leading to an increase in pollution at all levels. There is a lack of opportunity for fundamental research in India. The young researchers must work in the field of discovery of new drugs to treat TB and Malaria diseases which is the need for countries like India.

Technical Session II: The speaker for this session was Prof. Brijesh Pare, President of the Association of Chemistry Teachers and Head, Department of Chemistry, Govt Madhav Science PG College, Ujjain guided the participant on the topic “**The significance of Chemical Revolution Initiated by Lavoisier**”. He said that the students of Chemistry must know how the discoveries are made. He explained the history of the discovery of Oxygen in a very lucid language.

Technical Session III: The speaker for this session was Mr. Charitra Gour, Technical consultant at Scube Scientific Software Solutions Pvt Ltd, New Delhi who guided the participant on the topic- **“Features of ChemDraw”**. He explained the importance of ChemDraw software for research with a practical demonstration of the same. The queries raised by the participant were also answered by the resource person.

Vote of Thanks: At the end, Dr Sudesh Ghoderao, Convener of the webinar expressed a vote of thanks towards Principal Dr. S. B. Pandit, Chairman, Sir Dr. M. S. Gosavi, Secretary and Director General, Principal Dr. Mrs. Deepti Deshpande, Director (HR) and Principal Dr. Ram Kulkarni, Zonal Secretary, Nashik Zone, GES, the patrons of webinar, Dr. D. V. Prabhu, General Secretary, Association of Chemistry Teachers, the honorable speakers – Prof. Arvind A Natu, Prof Brijesh Pare and Mr. Charitra Gaur, Principal Dr. Dhanesh Kalal, Dr. M. M. Kulkarni, Vice Principal (Science Faculty) and IQAC Coordinator, Dr Sanjeevan Kharat, HOD Chemistry and organizing committee members. The entire webinar program was conducted by Dr. Meenakshi Rathi.

About RNC Arts, JDB Commerce and NSC Science College, Nashik Road

Since its inception in 1963 the history of our college is replete with many great landmarks and achievements both in the field of academics as well as sports and co-curricular activities. The college has grown into a gigantic structure, housing more than 6000 students with more than three hundred and fifty teaching and non-teaching staff. The college has a number of academic courses at UG and PG level, professional courses, and variety of certificate and diploma courses too. Our graduates are in great demand all over because our approach to education is one that develops the whole person and provides the student with a realistic view of what to expect in their career. The Management and the staff has always strived to anticipate the needs of the future and fulfill them through innovative value-embedded quality education under the dynamic leadership of Sir Dr M.S.Gosavi, Secretary and Director General of Gokhale Education Society.

About webinar objectives

This webinar is seeking to create awareness and address the features of ChemDraw software and to get familiarize with greener aspects of drug discovery. The research institutions, UG and PG students and other beneficiaries of this webinar will take up the ideas discussed here for their research and engage themselves in the process of transferring knowledge and technology.

SPEAKERS

Prof. A. A. Natu, Visiting Faculty, IISER, Pune

Prof. Brijesh Pare, President ACT, Head, Department of Chemistry Govt. Madhav Science PG College, Ujjain.

About Trello: Trello is a visual-based project management tool that applies Japanese productivity methodology KANBAN. It is a way of organizing information and tasks. Whether you are at work, at home, or anywhere in between, all the stakeholders can collaborate and organize their tasks and activities. Trello creates the transparency and openness between staff members. As the trello board is visible to all, it becomes easy to find out a particular member who is not pulling his/her weight. After using Trello people will start completing their tasks within the due date as their faces are stuck to the card for all to see. It means that there will be remarkable improvement in the time and task management skills of the staff members of college. The IQAC Coordinator or Admin, at any point of time can provides updates of the overall activities of the college. He/She will have all the resources, links and tasks available in one place. Trello will give a visual overview of what is being worked on and who is working on it. This keeps everyone accountable to do their work. Using Trello in this way obviates the need to meet everyone in person for collecting information and provides a central space where all communications can be stored and organized. Trello can improve everyday operations and overall performance of college tremendously and can help all of us to understand the importance of deadlines, project management, and persistence.

Objectives of the workshop:

- To make IQAC more functional and more empowered.
- To enhance quality culture in academics and administration.
- To visualize workflow of the academics and administration.
- To establish personal goals and accountability.
- To organize and monitor various activities in the college throughout the academic year.
- To work from anywhere anytime and getting more outcome from spending minimum time.
- To create, coordinate, and share plans with all teachers and colleagues.

Note: Certificate may be awarded for those who participate in the workshop

Dear Sir,

This is to thank you for sparing your valuable time for the workshop on Trello for the benefit of IQAC Coordinators, NAAC Coordinators and Criterion Incharge. The practical session along with the theory was very nicely received by participations.

All have assured that they will be implementing the same for maintaining and updating the day-to-day activities in the light of subsequent NAAC Re-accreditation Cycle of their college.

We once again thank you and look forward to your continuous association with us.

With kind regards.

Thanking you,

Yours faithfully,

Sub.: To depute teachers for the One Day Workshop on Trello Application :
Academics and Administration of the College on 10th February, 2019.

Sir/Madam,

The Staff Training Academy of Gokhale Education Society is committed to organize workshops, training programmes and seminars for the professional up skilling of teachers.

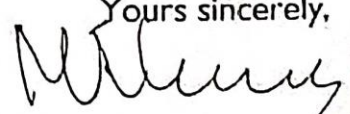

In the wake of increased digitization and e-governance in higher education institutions, RNC Arts, JDB Commerce and NSC Science College, Nashik Road, under QIP (Quality Improvement Programme) has taken an initiative in organizing a One Day workshop on Trello Application : Academics and Administration of the College on 10th February 2019.

You are requested to depute the IQAC Co-ordinator and the NAAC Steering Committee Co-ordinator and two other teachers from your College to attend this workshop which focuses on digitizing the entire documentation process which will be a huge advantage in data collection and organization for the purpose of AQAR and NAAC.

We are enclosing the registration form with the details of the workshop for your information.

Thank you.

Yours sincerely,

(Sir Dr. M. S. Gosavi)
Secretary & Director General
