'International Women's Day-2021'

A special lecture on the topic 'Respect for womanhood, conscious strength' was organized by the National Service Scheme on Monday, March 8, 2021, at the Bytco College of Golkhale Education Society, Nashik Road, on the occasion of International Women's Day. In order to achieve all-round development of the country, it is necessary to empower women by giving equal opportunities to women. The role of women in the progress and progress of our homes is very important. They prove to be better managers than men in menhadrapi disasters. Every house in the village of Peth of Marval Military Upshinga district has a male soldier and many young soldiers from Peth have died for the country. The ancestors of the Rani of Jhansi also belonged to this village. Many salutes to the courage of these widows. Womanhood means uniformity, uniformity and sacrifice. By making women financially and socially self-reliant in all circumstances, our country will move on the path of progress," said Dr. Dipali Jadhav.

The said lecture was conducted online through Google Meet. Program Officer Prof. Ganesh Dilwale introduced the program and conducted the thread. Dr. Archana Patil introduced the key speakers. 'Fit India Movement'

Fit India movement aims to encourage people to inculcate physical activity and sports in their everyday lives. Prime Minister Narendra Modi launched the nation-wide "Fit India Movement" on the 29th August 2019 and appealed to every citizen to remain healthy and fit. The events was launched at the Indira Gandhi Stadium in New Delhi at 10.00 am.

After colourful presentation of India's indigenous marital art forms, dances and sports, PM Modi paid tribute to Dhyan Chand. He said, "On this day, a great sportsperson was born. Major Dhyan Chand. He amazed the world with his fitness, Stamina, and hockey stick.' At the event, PM Modi said technologyx contributed to a sedentary lifestyle. "Fitness has always been an integral part of our culture. But, there is indifference towards fitness issues now. A few decades back, a normal person would walk 8-10km in a day, do cycling or run," Modi said. "But, with technology, physical activity has reduced. We walk less now and the same technology tells us that we are not walking enough,' he added.

The launch was also attended by Sports Minister Kiren Rijiju and National Sports Awards 2019 winners among others.

The prime minister congratulated the winners of the national sports awards and lauded India's sporting achievements. "Be it boxing, badminton, tennis or any sport, our athletes are giving new wings to our aspirations. Their medals are not just a result of their hard work but also a reflection of a new India's confidence," he said.

The event was organized under the guidance of Dr. Dhanesh Kalal, Principal of the college. Our college showed the entire program live in the seminar hall. On this occasion, Prof. Wasim Beg, Prof. Naresh Patil, Prof. Shashikant Khemnar and Sudhakar Borse successfully organized the event.

Report Blood Donation (2018-19)

RNC Art's, JDB Commerce and NSC Science College organized the blood donation camp on Saturday, 25/09/2019 in college campus. For organizing this camp 60 NCC cadets participated. A single donation can save three lives. One blood donation provides different blood components that can help up to three different people. Blood cannot be manufactured. Despite medical and technological advances, blood cannot be made, so donations are the only way we can give blood to those who need it. Blood is the most precious gift that anyone can give to another person the gift of life. A decision to donate your blood can save a life, or even several if your blood is separated into its components — red cells, platelets and plasma — which can be used individually for patients with specific conditions. Other students and Staff of our college took part in this activity.
